

Where does your money go?

MyEpilepsyKey

A self management tool provided in a USB-style format that contains information and resources for people impacted by epilepsy.

The Key assists people to better manage their condition with access to up-to-date information anywhere anytime.

Ted-E-Bear Connection

Living with epilepsy can be really tough, especially for children. We give young children affected by epilepsy an adorable

Ted-E-Bear, along with information and resources for the family in an easily digestible format.

Research initiatives

EAA believes research into epilepsy can lead to significant improvements in the long term management of the condition. Please
